

WEEK 9 PLAN (8.6.20)

WEEK 9 ACTIVITIES

Remember there is no expectation to complete all the tasks – just do as much as is achievable for your family.

I have attached 2 options again for maths. And remember the June Maths Daily Questions for some ‘quick maths’

Tues Option 2 maths (Time) doesn’t have answers as there are several possibilities. If you want to scan or photograph the work and email it to me I am happy to have a look at it ☺

If you need any more / different types of activities (for any of the subjects) please don’t hesitate to contact me. I am very happy to provide some variety or alternatives.

TV SCIENCE – there is a great Brian Cox documentary on iPlayer about ‘Forces of Nature’ as an easier alternative to investigations. <https://www.bbc.co.uk/programmes/b07k8lpv>

Remember to check out **Twig Science Reporter** – this is the link to the season 4 playlist - lots of interesting clips to watch https://www.youtube.com/playlist?list=PL_5OKef10sqcje3D1nkIJX4YGI3d5x3H1

This week looked at space and the space launch.
