

Creative Coding With Scratch

Clothes Shopping

Getting Started

Select Clothing Store backdrop.
Choose Dani from the Dress-Up
sprite library.
Choose clothes from the Dress-Up
sprite library.

Challenge 1

Can you make Dani think about what he should wear?

Challenge 2

Can you hide Dani's clothes?

Challenge 3

Can you make Dani's clothes appear when a number key is pressed?

Challenge 4

Can you add colour effects to make the clothes change colours?

I can:

work with a number of different sprites;
make a sprite think;
hide sprites;
control sprites with number keys;
add colour changing effects to sprites.

Clothes Shopping

Each Creative Coding Challenge is an open-ended task, which can be approached in many different ways. Pupils should be encouraged to have a go and tackle these tasks independently. The following hints are not intended to provide complete solutions but may serve as useful cues for supporting less-confident coders.

To make a sprite think:

when space key pressed
think What to wear today? for 2 secs

To hide sprites:

when  clicked
hide

To control sprites with number keys:

when 1 key is pressed
show
